7. Privacy notices

Pupils and parents

We hold personal data about pupils to support teaching and learning, to provide care and to assess how the school is performing. We may also receive data about pupils from other organizations including, but not limited to, other schools and the Department for Education.

This data includes, but is not restricted to:

- Contact details
- Results of internal assessment and externally set tests
- Data on pupil characteristics, such as ethnic group or special educational needs
- Exclusion information
- Details of any medical conditions

We will only retain the data we collect for as long as is necessary to satisfy the purpose for which it has been collected.

We will not share information about pupils with anyone without consent unless the law and our policies allow us to do so. Individuals who wish to receive a copy of the information that we hold about them/their child should refer to sections 8 and 9 of this policy.

We are required, by law, to pass certain information about pupils to specified external bodies, such as our local authority and the Department for Education, so that they are able to meet their statutory obligations.

8. Subject access requests

Under the GDPR, pupils have a right to request access to information the school holds about them. This is known as a subject access request.

Subject access requests must be submitted in writing, either by letter, email or fax. Requests should include:

- The pupil's name
- A correspondence address
- A contact number and email address
- Details about the information requested

The school will not reveal the following information in response to subject access requests:

- Information that might cause serious harm to the physical or mental health of the pupil or another individual
- Information that would reveal that the child is at risk of abuse, where disclosure of that information would not be in the child's best interests
- Information contained in adoption and parental order records
- Certain information given to a court in proceedings concerning the child

Subject access requests for all or part of the pupil's educational record will be provided within 30 days following a request at dpo@tjss.ac.cy

9. Parental requests to see the educational record

Parents have the right of access to their child's educational record, free of charge, within 30 days of a request.

Personal data about a child belongs to that child, and not the child's parents. This is the case even where a child is too young to understand the implications of subject access rights.

The current legislation, generally regards children aged 14 and above as mature enough to understand their rights and the implications of a subject access request. Therefore, most subject access requests from parents of pupils at our school may be granted without the express permission of the pupil.

Subject access requests for all or part of the pupil's educational record will be provided within 30 days following a request at dpo@tjss.ac.cy

10. Storage of records

Paper-based records and portable electronic devices, such as laptops and hard drives that contain personal information are kept secure when not in use.

Papers containing confidential personal information should not be left on office and classroom desks, on staffroom tables or pinned to noticeboards where there is general access.

Where personal information needs to be taken off site (in paper or electronic form), this will be carried out in accordance with the school's data mapping document.

Passwords are used to access school computers, laptops and other electronic devices. Staff and pupils are reminded to change their passwords at regular intervals.

Encryption software is used to protect all portable devices and removable media, such as laptops and USB Devices.

Staff, or pupils who store personal information on their personal devices are expected to follow the same security procedures for school-owned equipment.

11. Disposal of records

Personal information that is no longer needed, or has become inaccurate or out of date, is disposed of securely. For example, we will shred or incinerate paper-based records, and override electronic files. We may also use an outside company to safely dispose of electronic records.

12. Training

Our staff are provided with data protection training as part of their induction process. Data protection will also form part of continuing professional development, where changes to legislation or the school's processes make it necessary.

13. Monitoring arrangements

The Principal, the Headteachers, and Mr. George Papakonstantinou (Data Protection Officer) are responsible for monitoring and reviewing this policy.

This document will be reviewed **every 2 years unless** there are significant changes to the Personal Data Protection Laws.

14. Links with other policies
