

Ref: 71/AG

1st March 2019

Dear Parents,

Please find attached an invoice for the sum of €300.00 that represents half of the total renovation fund contribution of €300.00. As this contribution is paid in two equal instalments, in cases where you have already paid the first instalment of €300.00, this represents your final contribution.

This contribution is a voluntary interest-free loan totalling €600 that is paid by parents/guardians to The Junior School Company. This contribution is returned to you when your child leaves the School.

The Renovation Fund was established to assist the schools cash flow and help fund the ongoing renovation and upgrading of school facilities. As the School is continuing to upgrade its facilities at both School sites, this voluntary contribution continues to be of great assistance to the School as a source of funding. Examples of ongoing investment in School facilities include the resurfaced basketball courts, new ICT lab at the Junior School and the new classroom extension at the Senior School.

Thank you in anticipation of your kind contribution to the Renovation Fund. If you have any questions related to this matter, please contact our Finance Office at the Junior School.

Yours sincerely,

The Board of Governors
